Reasons for Allowance

1. Examiner has reviewed and considered Applicant's comments and amendments as indicated on pages 5 – 6, of Applicants response dated (10/29/2007). And after further consideration in view of the current amendments and comments, Examiner is hereby placing claims 7 and 9 – 14 in condition for allowance.

The following is an Examiner's statement of reasons for allowance.

The prior art of record does not teach or fairly suggest at least:

A method comprising:

"encoding a software module to reserve memory space in a managed runtime environment (MRTE) that allows a network software memory program to bypass a central processing unit to access the memory space when just-in-time (JIT) application code is received in the MRTE...wherein the JIT application code is transported via RD MAP to the MRTE environment; and

recognizing receipt of the JIT application code with a JIT compiler and class loader such that a TCP/IP socket through which the JIP application code is received does not notify the MRTE of the receipt of the JIT application code...", in such a manner as recited in claims 7 and 10, and as best illustrated by FIG. 4.

Therefore, all remaining claims 7 and 9 – 14 are in condition for allowance.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
